Barcelona, Spain, July 2011

IDAPT Adds Nintendo 3DS to Robust List of Compatible Devices

New tip allows users to charge new Nintendo 3DS on any IDAPT universal desktop charger

Barcelona, Spain – July 20, 2011 – IDAPT, a leading mobile technology leader, is excited to announce the availability of the new Nintendo 3DS tip for all IDAPT universal chargers. Already compatible with over 4,000 mobile devices, including gaming devices such as PSP and XBOX controllers, the IDAPT system is the perfect device for all electronic charging needs. IDAPT's future proof chargers come in several different styles including the i2+ and i4. Both IDAPT chargers feature an on/off switch, glossy finish and USB port for added compatibility. The interchangeable tips system allows users to change the tips as needed and charge up to 4 different mobile devices simultaneously.

The Nintendo 3DS tip is available now for \$9.99 at IDAPTweb.com.

IDAPT universal chargers are available now at PC Richard, Batteries Plus, BiMart, Costco.com, Walmart.com, Crutchfield.com and Frontgate.com and range between \$39.99 and \$59.99. For more information, check out the [YouTube video](#) and follow us on [Facebook](#) and [Twitter](#).

About IDAPT:

IDAPT is a company specialized in the design of solutions that simplify everyday lives of mobile technology users. Its innovative range of universal chargers, based on a patented system of interchangeable tips, has achieved worldwide recognition among users and industry experts. Innovation and commitment to develop new products that suit user's needs are the company's main commitments since its foundation in 2006. With headquarters in Barcelona, IDAPT has distribution agreements in more than 30 countries. IDAPTweb.com
